

THE UNIVERSITY OF KANSAS HEALTH SYSTEM

Heart of America HIMSS

What does population health mean to
you?

September 15, 2017

KLAS Survey – Population Health

165 Organizations/75 Vendors

- 75 unique vendors
 - 51 vendors mentioned once
 - 19 vendors mentioned 3 or more times
- 165 Organizations
 - 50% use 2 or more vendors
 - 17% use 3 or more vendors

Population Health Software (Klas)

- Hospital EMR – Cerner, Epic, McKesson
- Physician EMR – Athena, Allscripts, EcW
- Payor – Optum, Aetna, BX (lumeris)
- Pop Health – Caradigm, IBM Watson, Evolent, Enli, Advisory Board, Health Catalyst, Phillips Wellcentive, many others.

Levels of Need

- Data Extraction/Aggregation – EMRs, payor claims, HIEs, state registries, lab vendors, pharmacy vendors
- Analytics – risk stratifications/scores, external benchmarking, dashboards
- Case Management/Coordination – patient care plans, patient outreach/portals, longitudinal record, virtual health
- Clinician Engagement – “actionable directions to clinicians at point of care”
